Top Tips
FOR WEBCAM CAPTURE

Look straight into or just over the camera lens

1 Make Sure Your Webcam is at Eye-Level

Make sure there's **ENOUGH LIGHTING** on you and in the room so the image isn't **DARK OR GRAINY**.

If using a Phone, **TURN HORIZONTAL**

5

LIGHT should be on your face, not behind you
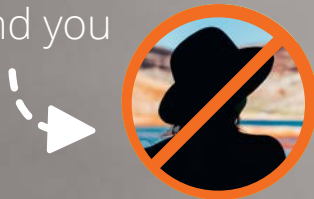

2 Use a Plain Background

Or **TIDY UP** the area behind you.
